Dear Alan

I am writing to say what a great pleasure it was once again, to host the children and staff from your school.

The children always impress with the standard of their singing and their behaviour. Last week in particular, I would like to commend those children who took part in the sower sketch, namely Siriol, Antonia, David, Chloe and Molly. They were first class, and entered fully – and with great patience – into what we were trying to achieve. They, with all the rest of the children, reflect great credit on you, the staff and the school.

Yours sincerely

Roy Ellis.
